Our practice has a system to recall patients for follow up of clinically significant tests. Patients will be contacted by phone to make an appointment the same day to discuss the result if the result requires immediate follow up.

Please note that STD results will not be provided over the phone. Please make a follow up appointment for these results.

Receiving and Returning Phone Calls

Greenslopes Family Practice has a system for receiving and returning calls from patients. Phone calls, which require urgent medical advice, will be immediately transferred to either a doctor or nurse. All other calls are documented & will be returned when a nurse or Doctor becomes available.

In some instances, the Doctor may require you to make an appointment to address the query.
